

Brother International Australia

- Environmental Management is an integral part of the business decision making process and Brother International (Australia) shall positively and **continuously act to decrease the environmental impact of all aspects of our business operations** so that society can achieve sustainable development.
- The Environmental Management System of Brother International (Australia) is based on ISO14001:2004 standard and adopted the PDCA (Plan >> Do >> Check >> Act) cycle
- Our environmental management system is implemented to ensure **compliance with laws, regulations** and standards, and constructively conducting environmental protection activities.
