We recommend using genuine Brother consumables for quality professional prints and for peace of mind. As all genuine Brother consumables are designed as part of an entire printing system and tested to ensure optimum performance and component protection.

^at 80gsm A4 paper

The fax machine that lets you make calls and takes your messages

At the heart of this combined telephone/answering machine/fax machine/copier is a professional plain paper fax facility with advanced business functions. It is ideal for the home or office that requires both facilities but has restricted space. So why have four separate machines when you can have it in one.

With the aid of Brother's navigation keys, it is both quick and easy to search

through and select any of the FAX-1030e's many advanced business functions. The machine also boasts the ability to automatically redial the intended recipient, should the number be busy.

The FAX-1030e is one of a family of compact, highly specified, fax-technology based machines that gives you the added benefit of a built-in telephone handset digital answering machine and copier.
