# PED-Basic

For Downloading Embroidery Designs

Using your computer and the PED-Basic software, you can download PES embroidery data from the Brother Web site ([www.brother.com](http://www.brother.com)) or from any other embroidery data distribution site.

Imported embroidery data can be previewed or edited on the screen.

Write the PES data to an original Brother embroidery card.

Next, simply insert the card into a Brother embroidery machine and press the Start button to sew beautiful embroidery.

\* This product cannot be used to create embroidery data.

## ● PES format

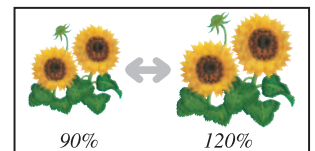

Embroidery data (\*.pes files) created with the Brother design software PE-DESIGN can be purchased or downloaded from the Internet.

## ● Built-in Embroidery Samples

## ● Simple previewing and editing of embroidery data

- **Sizing**  
The size can be changed within a range of 90% to 120%, on selected designs.
- **Realistic preview**  
The stitching can be reproduced on the computer screen so that the actual embroidery can be previewed.
- **Printing**  
The embroidery pattern information (pattern name, size, number of stitches, and thread colors) can be printed. Organizational tool and convenient for making design templates.
