Technical Information

Hardware

Housing Dimensions	114(W) x 235(D) x 86(H) (mm)
Housing Design	Handheld
Housing Weight	560g
Housing Colour	Dark Blue
Key Board	Rubber, ABCD and Numeric keys
Number of Keys	56 (55 + On/Off key)
Cutter	Manual Cutter and Tape Cut Pause
Power	6 x AA Type Alkaline (included) 6 x AA Rechargeable Batteries (not included) Optional AC-Adapter (Type : Model-AD-3000/PT)
LCD	15 x 2 lines
Tape Type	TZ Tape
Items Included	User Guide TZ-221 & TZ-S231 Adjustable wrist/neck strap Lettering Stick 6 x AA Alkaline Batteries
Tape Size	6, 9, 12, 18, 24, mm
Print Head	180 dpi
Print Height	18.1mm
Print Speed	10 mm / sec.

Firmware

Number of Lines	Max. 7 lines
Number of Blocks	Max. 50 blocks
Text Buffer	Approx. 500 characters.
Max. Label Length	1 m
Repeat Printing	1 - 99
Automatic Numbering	1 - 99
Mirror Printing	Yes
Font	Helsinki
Included Font Size	15 / 21 / 28 / 44 / 56 / 88 / 120 dot (Big Font : 56 / 88 / 120 dot)
Type Sizes	8 (Automatic)
Type Styles	Bold / Outline / Italic / Italic bold / Italic outline + Normal
Frames	14 + "OFF"
Pre-formatted Label Templates	10
Layout Preview	Simple Preview
Memory	Approx. 2,000 characters.
Barcode Settings	CODE39 / 1-2/5 / EAN13 / EAN8 / UPC-A / UPC-E / CODABAR / EAN128 / CODE128
Cutter System	Tape Cut Pause Function and Optional Chain Printing
Automatic Power Off	Yes (5 minutes)
Battery Weak Indication	Yes
Label Types	NORMAL, ROTATE, ROTATE&REPEAT, PORT, PANEL, FLAG, VERTICAL

Tapes can be cut manually to any length, and the tape cut pause function makes printing and cutting the same label several times so much easier.

Over 450 accents, symbols and characters.

Includes templates for creating staff name badges, price labels and other common label formats.

The LCD screen allows you to preview font styles and sizes, width, style, frames, alignment margins and length, so you can customise your label before you decide to print.

Numeric keypad maximises efficiency, so you won't have to press the shift key everytime you need to input a number.

The P-touch 1400 from Brother.

Any retail, industrial, electrical or office environment where labelling is paramount will welcome this portable, easy-to-handle machine. Durable barcode labels, price tags, name badges, and cabling labels can be printed easily and efficiently to create a totally professional look.

Handy labelling for your work environment

The P-touch 1400 has been designed specifically for industries requiring portable and on-demand labelling. This light, compact, durable, handheld labelling machine has an easy-to-use layout, with all functions created specifically for producing clear, professional labels that will last.

Performance based on speed and versatility

Customised labels to suit any retailer

The P-touch 1400 delivers labels of outstanding quality, suitable for all retail environments. Nine of the most common barcodes are included as standard, and you can choose from a wide range of fonts, frames and margins as well as over 450 accents, symbols and characters, so labels can be customised to suit your needs. The P-touch 1400 even provides templates for creating staff name badges, price labels and other common label formats covering all of your labelling requirements.

Labels in an instant

With print speed at an impressive 10mm per second and 180 dpi, you can produce clear labels in an instant, so you won't have to wait even if you need to print several labels at once.

Versatile labels

Tape width options span from 6mm to 24mm in a range of colours, so you can select the right label for the right job. Up to seven lines of text can be printed to accommodate the levels of detail required in retailing or office environments.

Print Options

The P-touch 1400 has a wide range of print functions including rotate and repeat, panel, port, vertical, flagging and mirror printing that makes everything so much easier.

Port and panel print modes can be used to identify various components / panels.

Memory function

Text, formats and templates can be saved so that your most frequently used labels can be reproduced whenever they are required.

Long Lasting Labels

Brother laminated tapes

Brother TZ tapes have a unique construction comprising of six separate layers, so as a result no other labels offer such levels of resistance and wear. These labels are able to withstand heavy abrasion, electrical resistance, lengthy exposure to chemicals, sunlight, water and temperatures from -50 C to 300 C.

Specialist tapes are needed in many working situations including office, retail, industry, health, catering, electrical and educational environments. The following tapes are available for usage in many different applications.

Strong Adhesive Tape - Laminated

Offers improved adhesion for those even more demanding applications and environments.

Tamper Evident Tape - Laminated

Security tape is designed to leave a checkerboard pattern as an indicator that the label has been peeled off.

Flexi ID Tape - Laminated

Flexible ID tape is made with a special flexible material designed for labelling over acute edges and around cylindrical surfaces.

All tapes are 8m except fluorescent tape (5m) and iron-on fabric tape (3m).
Cleaning cassette can be used approximately 100 times.
Some kinds of tapes are not available in some countries.

P-touch 1400

Longer Lasting Labels

Brother's unique, patented TZ tapes are designed to be extra hard wearing. Tests have shown that these scratch-proof labels can withstand heavy abrasion, electrical resistance and lengthy exposure to chemicals, sunlight, water and extreme temperatures from -50 C to 300 C. Brother laminated tapes consist of six layers of materials, resulting in a thin, extremely strong label. Characters formed with thermal transfer ink are actually printed onto the underside of the laminate. Sandwiched between two layers of PET (polyester film) this lets you create characters that are virtually indestructible.

Brother Laminate Tape Construction

LAMINATED BROTHER TAPES WITH PATENTED BROTHER UNDER-TAPE PRINTING

Tape options

- Options include standard laminated tape including fluorescent and transparent options. Specialist tapes include, Matt, Strong Adhesive, Tamper Evident Tape, and Flexible ID. All are available in varying widths, character and tape colour options.
- Tape widths of 6,9,12,18 and 24mm
- Standard tape length of 8m*

*Providing approximately 100 labels. (based on 10 characters & standard label length 8cm)

Tape Widths

NB. Not all tape colours are available in all countries.
