DCP-165C

Brother's stylish DCP-165C combines colour printing, copying and scanning into a single compact machine. Perfectly suited for all your printing needs, this all-in-one printer is designed with ease-of-use in mind and delivers great performance to all family members.

DCP-165C's flatbed design makes it the perfect solution for confined spaces and for scanning and copying bound documents and books. With high quality colour print capability and up to 1,200 x 6,000 dpi print resolution, you will be able to print amazing photos and colourful documents in the comfort of your own home.

Furthermore, its economical and cost-saving 4-cartridge ink system means you only replace the colours you need. Printing borderless photos is easy and convenient, as you can now bypass your PC altogether. Print your photos directly from your digital camera using the PictBridge™ interface, or from media cards by using Brother's PhotoCapture Centre™. Additionally, print directly from, or scan to, a USB flash memory drive using the host USB connection for ultimate convenience. Bundled with the FaceFilter software, you can adjust skin tones, remove skin blemishes and correct red eyes for perfect pictures every time. Packed with nifty tools for your digital lifestyle needs, there is always a Brother at your side.

CARTRIDGES 4 PLANET ARK

"Celebrating 100 years in operation, Brother International is a leading global manufacturer of laser printers, Multi Function Centres®, fax machines, P-touch electronic labellers, typewriters and sewing machines. A specialist in its product lines, Brother combines customer satisfaction and comprehensive measures for environmental conservation, to manufacture innovative, reliable and practical products to enhance the consumer's lifestyle. Brother International Australia is a major sponsor of the Planet Ark program "Cartridges 4 Planet Ark" in addition to adopting a printing system that reduces consumable wastage. The printing system ensures users only need to replace the empty cartridge rather than the entire drum or inkjet print head. Brother International Australia and each of their state branches have also been awarded the strict ISO 14001:2004 standard for Environmental Management Systems; and their products are Energy Star approved, a standard governing product safety and total environmental management strategy. All Brother Products are designed to help you conduct business in the most environmentally sustainable manner; please visit www.brother.com.au"

Brother strongly recommends the use of genuine Brother consumable products only. Benefits include better quality prints, greater yields per consumable, protection of your machine from damages and achievement of optimum performance. As a precaution, please note that your machine warranty may not cover any damages arising from the use of non-genuine consumables.
