

Brother Supports Airprint!

Brother's range of Printers and MFC's support Apple's AirPrint. The beauty of Brother's solution is the support for One to One connections between our wireless models and your Apple device.

Brothers printers and MFC's support the following iOS devices:

- iPad (all models) • iPhone (3GS or later) • iPod Touch (3rd generation or later)

* Connection to WiFi network required.

iPrint&Scan App is a free app provided by Brother and available for download from the Apple App Store. This free app enables users to not only print PDF and JPG documents to a Brother Networked Printer or MFC, but also allows the scanning of documents from networked MFC's back to your iPad/iPod or iPhone as a convenient PDF Document.
