For more information regarding system requirements, please visit <http://solutions.brother.com>

Brother strongly recommends the use of genuine Brother consumable products only. Benefits include better quality prints, greater yields per consumable, protection of your machine from damages and achievement of optimum performance. As a precaution, please note that your machine warranty may not cover any damages arising from the use of non-genuine consumables.

Improve Your Business Performance and Communications

Simplify your business work processes with the MFC-795CW. Designed with multiple functions that are easy to operate, your new partner is an all round multi-tasker that helps you do more with less and cost-effective unit.

An impressive 5" wide touchscreen colour LCD puts you in control of the advanced features, while the Digital Communication System and an integrated handset offers you an office-style Digital Answering System.

Businesses today need all the help to stay ahead, that's why you have Brother at your side.

1 Wireless and Wired Network-Ready for Multiple Users

Feel like a real team player when you share documents and files effortlessly via wireless or wired options.

The MFC-795CW is network-ready with

- Built-in 802.11b/g wireless interface
- Built-in 10/100 Base-TX network interface
- USB Connectivity

With the Brother's Secure Easy Setup™ application, it automatically configures the network and security settings with a wireless router that supports this technology. Once established, anyone in your team can start to print and scan directly from their PCs. This gives freedom and ease for everyone in your team to contribute towards a common goal for your business.

2 Easy-To-Use with Innovative Features

A wide full colour 5" LCD touchscreen means you can access copy and scan settings at a touch of your finger, plus you can preview faxes or edit your photos without the use of a PC. You can also save time with the 15-page Automatic Document Feeder (ADF) which allows unattended copying, scanning and faxing of multi-page documents at the touch of a button. Brother definitely gets you to achieve more with less of your time.

3 Direct Photo Printing

Using the PictBridge™ interface, printing borderless photos directly from your digital camera or from media cards is fast and easy. In addition, you can also print directly from a USB flash memory drive or scan directly to it to save your photos digitally.

4 Sharp and Professional Quality Prints

With fast print speeds of up to 35 pages (monochrome) and 28 pages (colour) per minute, generating charts, diagrams and documents is now a huge time-saver, allowing you time for more important things.

When combined with Brother's unique formulated Innobella™ ink and photo paper, the MFC-795CW can achieve ink droplets of just 1.5 picolitres (pl) in size for high-resolution printouts (1,200 x 6,000 dpi) with smooth graduations, giving you uncompromised professional printouts every time.

5

Business Communication Centre

The MFC-795CW's Digital Communication Centre features a stylish handset, a Message Centre that stores up to 20-sec of your outgoing messages and up to 99 incoming messages with a recording facility. Staying in touch with your business partners just got a lot easier.

6

Enjoy Extra Savings

The MFC-795CW not only saves you time and space, it also helps lower the running costs of your business. With its 4 individual ink cartridge system, you only need to replace the colour cartridge that has run out, instead of having to change the entire tri-colour cartridge. This eliminates waste, saving money for your business and it's friendly to the environment at the same time.

7

Efficient All-In-One Partner

The MFC-795CW comes with everything you need to succeed in business. The Super G3 fax modem transmits faxes in approximately 3 seconds while the junk fax filter eliminates the printing of unwanted faxes. The unique PC Fax also allows you to receive faxes in softcopy while the PC is switched off. With network PC Faxing, exchanging softcopy faxes through a network is hassle-free. Versatile scanning applications also allow you to scan to E-mail, OCR and more, in various formats such as JPEG, TIFF and PDF.
