MFC-J265W Wireless Colour Inkjet Multi-Function Centre with Fax and Media Card Centre

Do More with the MFC-J265W - with Print, Scan, Copy and Fax capabilities combined with wireless network and 1.9" colour LCD display in one compact and stylish machine.

Share the MFC-J265W amongst multiple users without the need for untidy cables, with the built-in wireless network. It is easy to connect and safe to use with the simple to follow, secure software.

Use the 1.9" colour LCD display to access Print, Scan, Copy and Fax settings on the easy to navigate menu system. Also preview images before printing directly from your media card without the need to turn on your PC.

Scan or copy bound and irregular shaped documents on the flatbed scanner. Enhanced scanning features also allow you to save time by scanning directly to scanning directly to file, email or memory card.

The MFC-J265W complies with the strict ENERGY STAR standard, ensuring low energy consumption, low noise levels and a recycle-friendly design.

All Brother inkjet Multi-Function Centres use an individual ink cartridge system. This means you only have to replace the colour that runs out instead of having to discard an entire tri-colour cartridge - reducing waste, protecting the environment and saving you money. Further more, you can return your empty ink cartridge via the Cartridges 4 Planet Ark recycling program and you will be helping to protect the environment. To achieve the highest print quality, we recommend using original Brother LC-39 ink cartridges together with Brother BP71 Premium Plus photo paper.
