DCP-7065DN Network Ready Mono Laser Multi-Function Printer with Automatic Double-Sided (Duplex) Printing

With fast print and copy speeds of up to 26 pages per minute and automatic double-sided (duplex) printing, the DCP-7065DN will enable you to produce professional documents in no time. You'll get sharp, crisp text and accurate reproduction of even the finest details on the page thanks to its high print resolution.

This versatile all-in-one can scan and copy multi-page documents quickly and easily using the 35 sheet Automatic Document Feeder (ADF) saving you time for busy day to day tasks. The single sheet multi-purpose tray can be used to print on thicker media such as envelopes, whilst the standard paper tray boasts an impressive 250 sheet capacity so you'll replenish it less frequently.

Save on hardware costs by sharing the DCP-7065DN with multiple users on your existing network. With the DCP-7065DN you also get a choice of standard and high-yield toner cartridges to perfectly match how much you print. All supplies, including the drum, can be replaced individually. This saves you money as you only pay for what you've used.

The DCP-7065DN is ENERGY STAR certified meaning a reduced energy bill for you. Further more, you can return your empty toner cartridge via the Cartridges 4 Planet Ark recycling program.

Fast and efficient, the DCP-7065DN is a compact all-in-one offering professional quality prints combined with low running costs...

Scan colour documents direct to your PC

Versatile

With high speed printing and copying at up to 26 pages per minute, the Brother DCP-7065DN produces high quality documents fast. A 250 sheet built-in paper tray means you will be replenishing paper less frequently making you more efficient in your daily tasks. The single sheet multi-purpose tray allows you to print on thicker media such as envelopes.

The high resolution colour scanner means you can create digital copies of hard copy documents quickly and easily and thanks to the 35 sheet Automatic Document Feeder (ADF) multipage reports and invoices can be copied in no time at all.

Easy to Use

Although the DCP-7065DN is equipped with a wealth of impressive functions, the intuitive control panel, together with the backlit 2 line LCD screen means you will be familiar with the most frequently used features in no time. An easy to follow menu structure means the machine is quick and easy to set-up and configure. Replacing the toner cartridge is simple thanks to the front operation.

Shared Resources

Reduce hardware costs by sharing the DCP-7065DN with a number of users in your office. Simply connect the machine to your existing network to enable multiple users to print to and scan from the DCP-7065DN.

Value for Money

The DCP-7065DN is designed to keep print costs to a minimum. Reduce paper consumption by 50% with automatic double-sided (duplex) printing. The Toner Save Mode can help to reduce the amount of toner used when printing non critical documents and the optional high-yield toner cartridge can further reduce your running costs as it provides a lower cost per print.

Environmentally Friendly

Thanks to its low power consumption and energy saving features the DCP-7065DN has been awarded international ENERGY STAR accreditation – saving you money and the environment.

Brother's separate toner and drum system significantly reduces waste. Furthermore, you can recycle your used toner cartridges free of charge thanks to Brother's sponsorship of the Cartridges 4 Planet Ark recycling program.

As part of its ongoing commitment to environmental conservation and sustainable resource management, Brother is a proud partner of Earthwatch Australia, Byteback, the Australian Packaging Covenant, and Brother's Environmental Management System is ISO 14001 certified.

Comprehensive Software

The DCP-7065DN comes complete with a range of easy-to-use software utilities to improve your productivity. Bundled with the powerful Scansoft® Paperport™ document management software, hard copy documents such as invoices can be scanned in colour, stored and managed electronically for future retrieval.
