at your side

Innov-is QC-2000

It all points to a more creative you

The Innov-is QC-2000 is your partner in creativity. Clever yet easy to use Brother technology provides inspiration through innovation and puts precision at your fingertips. The QC-2000 is fully equipped with the features to engage your imagination and give you confidence to create. Crafted to appeal to the serious sewer and quilter, the QC-2000 will take you from fabric to fabulous.

Adjustable Presser Foot Height and Pressure and ICAPS

Adjust the presser foot height to allow thicker sections to pass under the foot, and change the presser foot pressure to align with the feed dog motion for improved delivery of fabric height variations. The built-in Innovis Continuous Automatic Pressure System provides sensors that detect varying fabric delivering smooth even stitches.

Multi-Directional Sewing

Sew straight in eight different directions, including sideways left or right eliminating the pivoting of material, and in four directions with zig zag. Stitch with minimal fabric guiding and achieve precisely formed stitches with the wide-set 7-point feed dogs that allow for smooth and easy feeding of almost every material.

LCD Touch Screen

The large monochrome touch screen is user friendly and designed to manage all your sewing and quilting functions. View on-screen information and select, create and save stitches plus access quick reference stitch guides and help screens. the slot and start sewing.

Pivot Function

Select the Pivot Function to have the machine simultaneously lift the presser foot while keeping the needle lowered. This allows you to keep your hands free to rotate your fabric, making perfect corners every time.

To create something special you need

Embellishment Options Included

Lettering

Use any of our three built-in lettering fonts to personalize all of your creations, adding an extra-special touch to everything from towels and napkins to clothing and accessories.

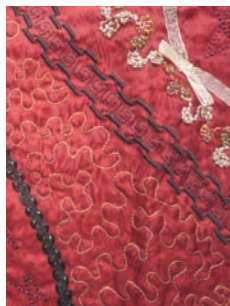

Free-Motion Stitching

The foot height adjusts for perfect free-motion sewing, creating beautiful free-motion projects. Use the three included quilting presser feet to help you develop your masterpiece.

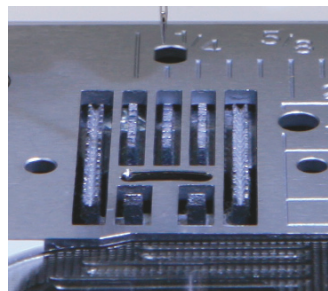

Circular Sewing

Make concentric circles, arcs and more by simply using the included measured circular attachment bundle. The included braiding and cording feet allow you to embellish your creations with decorative threads and trims for that special finishing touch.

Bobbin Work

Add impressive stitching to your projects with the bobbin case for bobbin work. Create reverse "upside down" sewing with specialty threads that don't fit through the eye of the needle. Experience the delight when you turn the fabric over to see the raised 3-D stitches you have added to your creation.

7 point feed dogs

Stitch with minimal fabric guiding and achieve precisely formed stitches with the wide-set 7-point feed dogs that allow for smooth and easy feeding of almost every material.

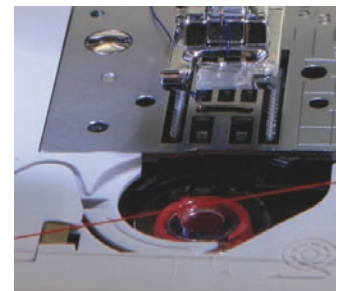

Back to Beginning Feature

Helpful for building combinations of stitches, this feature allows you to finish a segment and restart your pattern at the first stitch of a design when you resume sewing.

Multiple Thread Cutting Operations

Use the scissor button or pre-program the machine with the LCD screen to cut the threads and pull them to the back for a more professional look.

Quick-Set™ Bobbin

Just drop in a full bobbin, pull the thread through the slot and start sewing.

to start with something special.

Cutting edge features that bring a professional look to your sewing and quilting projects

The QC-2000 sewing machine offers an unsurpassed level of quality, reliability and flexibility, while also delivering an impressive range of features desired by the most discriminating sewers and quilters. Your creativity can run free with the 430 included stitches with an additional 30 stitches on the bonus CD. This impressive assortment of sewing, quilting, utility and decorative stitches, including 12 buttonhole styles and three sewing lettering fonts, are saved by category and can be easily selected at the touch of a button on the LCD display.
