P-touch

Print on-demand labels with a P-touch labelling system from Brother

Brother P-touch labelling systems are simply the fastest, most effective way to create adhesive-backed labels to help organise virtually any home, office, business or school. Brother P-touch label makers are designed to print quality, durable labels to fit any need and any budget.

From handheld and desktop models to computer label printers, Brother P-touch labelling systems produce durable, colourful labels. Almost all of the P-touch products print on laminated labels that withstand abrasions, chemicals, water, spills, heat, cold and other harsh environments. Applications for Brother P-touch labels are virtually infinite, and P-touch labeller are both affordable and easy to use.

Why choose a Brother P-touch labelling system?

Brother P-touch labelling systems are equipped with easy-to-use, convenient features that allow you to print labels on-demand. Use Brother P-touch labels to organise your home or office, in the field or on the go. With features such as built-in keyboards, automatic tape cutters, time/date printing and so much more, the Brother P-touch labelling system allows you to print the labels you want when you want them to meet all of your labelling needs.

Brother puts a 3-year warranty at your side

It's not just our labels that are designed to outlast others. Another reason to choose a Brother P-touch labelling system for your home or office is that you can rely on it for years to come. In fact we guarantee it: all P-touch systems now come with a 36-month warranty from Brother International Australia (BIA).

We can give such a long warranty because P-touch labelling systems are user-friendly, made from hard wearing materials to stringent standards and utilise the latest, most-efficient technology.

In the unlikely event that your P-touch does fail within 36 months after you've bought it, all you have to do is contact the BIA Product Support Centre and, if necessary, Brother will either repair or replace it free of charge.

For full terms and conditions of the warranty on your P-touch labelling system, just go to www.brother.com.au/ServiceSupport/Warranty

And if you need assistance at any time, remember you always have Brother at your side.

HANDHELD/DESKTOP

PT-70

A fun, portable children's electronic labeller

The PT-70 is a light, handheld electronic labeller ideal for school children of all ages. It produces labels quickly and easily and comes with a safe, built-in tape cutter.
