

PT-P700 Label Printer

LABELS THAT STICK.

P-touch

brother.com.au

Professional PC Label Printer

Simply connect to your PC to design and print labels for use all around the office.

Key Features:

Compatible with Windows and Mac

No printer driver installation needed

Includes AC adapter and USB cable

Prints 3.5, 6, 9, 12, 18 and 24mm laminated labels

Tape type and colour detection (labelling software fully installed)

Packed with features

Design then print durable labels on your Mac or Windows PC

The PT-P700 takes the hassle out of organising your office by clearly identifying the contents of file folders, archived documents, data backup discs/USB sticks and shelves. The in-built software allows you to use your PC's fonts and include images, logo's and frames on your labels. P-touch labels are available in many different sizes and colours to ensure that whatever label you need, the PT-P700 can effortlessly produce them whenever or wherever they are required.

Brother TZe laminated labels - designed to last

Brother P-touch laminated TZe tapes consist of seven layers of materials, resulting in a thin yet extremely strong label. The thermal transfer ink is sandwiched between two protective layers of PET (polyester film), which protects the text against the effects of liquids, abrasion, temperature, chemicals and sunlight. As the labels have been tested to the extreme, you can be confident of a professional quality label that has been designed to last.
