## Seamless connectivity to simplify your life

# Do more with enhanced connectivity

As multiple devices become an integral part of our homes and offices, the need for simplicity has never been greater. The enhanced connectivity of the new Brother Inkjet Multi-Function Centre<sup>®</sup> Series is designed to work seamlessly with your favourite devices with unparalleled convenience and ease.

Thanks to a multitude of innovative web features and evolving cloud services, the new Brother Inkjet range is one smart series that's ready for the connected future.

### Increase Your Productivity with Advanced Editing Tools

#### Enhanced iPrint&Scan

In addition to printing and scanning from your mobile devices using Brother iPrint&Scan, the enhanced features allow you to preview your jobs and edit if necessary. You can also scale, straighten and crop images or documents through your mobile devices before sending to print.

## Make Life Simpler Through Wireless Printing

#### Wi-Fi Direct

Now, you no longer need to connect your devices to a router for every single print job. With Wi-Fi Direct, you can conveniently print and scan by simply connecting directly to the new Brother Inkjet Multi-Function Centre<sup>®</sup> Series.

#### Extra Convenience with Cloud Features

The new Brother Inkjet Series comes installed with Brother's Apps, which offers you incredible convenience when accessing your print jobs.

#### Easy Scan to Email

Scan and share hard-copy documents anywhere in the world directly from the Brother Inkjet via e-mail and selected cloud storage sites. It's a quick and easy way to distribute information without needing a computer or worrying about scanner drivers or e-mail settings.

#### Scan to Office

You can now save time by eliminating the need to recreate documents from scratch. With Brother Inkjets, you can scan a document and directly convert the image into an editable Word, Excel® or Powerpoint® file that you can save, change and use again.

#### WebConnect

Print photos and documents directly without using your computer. WebConnect enables you to upload photos and documents to popular online services such as Dropbox, Facebook, Flickr®, Google Drive™ and many more so you can print them anytime. It's that easy.
