

FREE YOUR **STYLE****SET YOUR CREATIVITY FREE**

It's time to let your style shine with the versatile, easy-to-use FS 'Free Your Style' Series from Brother. Harnessing computer technology that delivers up to 100 inbuilt stitches and offering rapid sewing speeds of 850 stitches per minute with speed control by shutter key, these machines are the epitome of precision.

Available exclusively from

SPOTLIGHT

SHINE A SPOTLIGHT ON YOUR **STYLE**

Backed by over 100 years of Brother's sewing expertise and innovation, these feature packed computerised sewing machines deliver the ideal partner to help shine a spotlight on your personal style, be it in fashion, homewares or craft art.

FS50

An ideal solution for sewing on the go, the FS50 is lightweight, quiet and includes 50 inbuilt stitches.

FS70

For speed and ease of use, the FS70 gets you sewing quickly with little fuss. No more wasting time trying to feed thread into the machine. Suitable for use across a wide range of fabric weights.

FS101

Experience superior quality and versatility with the FS101. Step up to a sewing machine that will offer you a quick start, wide choice of up to 100 stitch styles and 55 character stitches with a smoother feed as you work.

LED Sewing Light

Light your workspace effectively with the LED light. It uses less power than a traditional bulb and lasts the life of the machine.

Quick Set Bobbin

Simply drop in a full bobbin, thread in the direction of the arrow and you are ready to sew. The see-through bobbin cover is an advantage; you can check bobbin status so you know when you need to change the bobbin.

Fast Speed Stitching

850 stitches per minute with speed control by shutter key (W/O foot controller).

Easy Precision and Control

Steady penetration power control at low speed and easy needle position setting.

Compact & Portable

An ideal solution for sewing on the go with product weight starting from 5.4KG only!

Low Noise Level

Boasting 70dB noise level.

Built-in Needle Threader

Needle threading is quick and simple with a one-step action.

7-Point Feed*

Extra teeth ensure a smooth feeding action and superior stitch quality. Sew with accuracy on a variety of fabrics from sheer silk to denim.

LCD Display

See at a glance the information about your stitch. Length, width and type of presser foot required are all clearly identified on the LCD display.

*Not available with FS50
