# The MFC-J5920DW

Redefining Office Inkjet Printing For Your Business

Experience a new level of office printing with the MFC-J5920DW. Intelligent, fast, and more connected, it's the perfect choice to help raise your team's productivity. Take advantage of A3 printing to create high impact documents, while save on overheads through high capacity ink for lower running costs.

The MFC-J5920DW also includes effective IT management tools such as BR Admin and Email alerts - essential for easy and efficient management of your printer fleet.

## Lower Total Cost of Ownership

Your business will benefit from using the cost effective, super high yield ink cartridges that are capable of printing up to 2,400 black and 1,200 colour prints. Continue to reduce your business expenditure by utilising other cost-saving features such as 2-sided (duplex) print and ink save mode to help you lower your total cost of ownership.

## Effective IT Management Tools

IT Managers will be the new heroes in town when utilising the easy to use print management tools. BR-Admin speeds up the configuration of all Brother devices connected to your network from one single desktop. With the ability to remotely update firmware and receive device status updates via pop-up alerts and email notifications, BR Admin reduces support time and costs to help improve productivity levels for all departments.

## Productive

The MFC-J5920DW comes packed with a range of productivity solutions to help streamline your business. Fast print and scan speeds, paired with the 2-sided (duplex) ADF help to quickly capture and share vital information.

## Enhanced Connectivity

With built-in wireless and wired LAN, the cloud connected MFC-J5920DW ensures seamless collaboration between team members. Scan to and print directly from cloud services such as Dropbox, Evernote™, OneDrive and Google Drive to digitise paper-based content and share with your team in seconds.

## Professional

Ensure that your business is noticed with high quality A3 size printing. Two high capacity paper trays and a versatile rear multi-purpose tray offer your team the option to print what they want, when they want.
