Compact and expertly engineered

Designed by experts, our most compact colour multi-function printer delivers high-quality outputs every time, allowing you to make the most of your home and small office space. Every component has been optimised to reduce the overall size of the device without compromising on performance. With easy paper access, this device has been developed to meet the needs of your home and small office.

Secure by design

To keep pace with the ever-evolving legislation on privacy and data security, our devices offer the latest industry-standard security features to protect your data. The MFC-L3760CDW provides a range of robust features including triple-layer security at a device, network and document level which is verified through external security certification. This offers added peace of mind and guarantees that the integrity of your data is maintained at every step.

Quiet without compromise

With its streamlined design, the MFC-L3760CDW is engineered to print quietly while delivering speeds up to 25% faster than the previous generation, so you can print continuously and without distraction.

Designed to go the distance

Built to perform for longer, the MFC-L3760CDW has been designed with you in mind. Made from robust and hard-wearing materials and supported by outstanding service as standard, Brother's award-winning reliability allows you to deliver uncompromised performance at all times.

Brother *at your side* support
