When quality and performance work together

Introducing our most advanced colour printing technology that's guaranteed to make the right impression when it counts. With vibrant, professional colour outputs and accurate digital documents every time, it's the multi-function workhorse you can rely on. Combined with advanced, intelligent features and a robust design that's built to last, you'll be able to manage, secure, and govern your documents efficiently to meet the needs of your business.

Game-changing technology

Experience the very latest in colour laser technology with the convenient Interrupt Copy function – a game-changing feature for A4 multi-function printers. This function allows you to interrupt a print job in progress to print another copy function job at any time, maximising productivity. Accompanied by fast, print speeds of up to 40ppm[7] and scanning up to 100ipm[9], the MFC-L9670CDN provides a professional printing and scanning solution.

Designed to print for longer

The robust design and long-life components of the MFC-L9670CDN ensures it will keep performing without interruptions.With high-yield in-box toners that print up to 12,000 pages[10] in black and 9,000 pages[10] in colour, and components with double the service life compared to our previous range, including the belt, engine, and drum unit – it's built to work as hard as you do.

Flexible connectivity options

Connect your way with gigabit network and NFC for secure authentication, mobile printing, and scanning. You can also take advantage of the optional 2.4/5GHz Wi-Fi module for added convenience.

Seamless integration

As a Brother customer, you'll have access to a wide choice of leading software vendors, including PaperCut, Kofax and YSoft, to create tailored solutions for your specific requirements and ensure your MFC-L9670CDN works even harder to meet your needs.

Impressive scalability

Designed to fit into your workspace and meet your specific printing and scanning requirements, the MFC-L9670CDN can be transformed from a desktop device to a highly efficient, floor-standing model. The impressive scalability of this device means it can expand its paper handling capacity from 520 sheets[4] to 2,600 sheets[4] by simply adding optional paper trays.

Secure by design

To keep pace with the ever-evolving legislation on privacy and data security, our devices offer the latest industry-standard security features to securely protect your data. The MFC-L9670CDN provides a range of robust features including triple-layer security at a device, network and document level which is verified through external security certification. This offers added peace of mind and guarantees that the integrity of your data is maintained at every step.

Solutions ready

Easily set up, customise, and automate workflows for optimised use and improve business processes and security with print management solutions. A suite of document management, security and workflow solutions can be added to the MFC-L9670CDN to provide additional professional features. Contact our team to find out more.

MPS ready

Managed Print Services (MPS) supports you getting the best out of your devices - that's why the MFC-L9670CDN has been designed with MPS in mind. Whatever your printing needs, we'll be *at your side* to find the solution that simplifies printer admin, saves time, keeps costs down, and helps you stay productive, by partnering with our national MPS partner network to deliver a service that's fit for your business.

At your side support

Wherever you are in Australia, Brother offers free customer care for the lifetime of your product.
