# Discover the best kept secret in embroidery.

The PR670E embroidery machine is the perfect choice for a small or home-based business and sewing enthusiasts. Its quick set up and fast multi-needle embroidery enables you to embroider large multi-coloured designs with minimum thread changes and greatly increased productivity compared to traditional single-needle machines. Plus enjoy more creativity with its customisation features.

## Large embroidery area (300 x 200 mm)

The large embroidery area and variety of included and optional frames gives you the flexibility to create a multitude of projects from jackets and t-shirts to socks and baby clothes.

## Versatile features

Convert multi-colour designs to single-colour embroidery. Also benefit from registration marks for easy, continuous borders.

## Customise designs on screen

Enjoy limitless capabilities including text arrangement, pattern rotation in 0.1, 1, 10, 90 degree increments, add lettering, adjust sizes and combine designs.

## 37 built-in fonts

Use the touchscreen to transform your projects with a range of letter styles and text effects, adding flexibility and originality to your designs

Optional Accessories needed.

**LED pointer for perfect needle positioning**

See exactly where the needle will drop and ensure perfect pattern placement, so you can position jobs faster and more accurately.

**Automatic needle threading**

Simply press the automatic needle-threading button and the upper thread will pass through the needle.

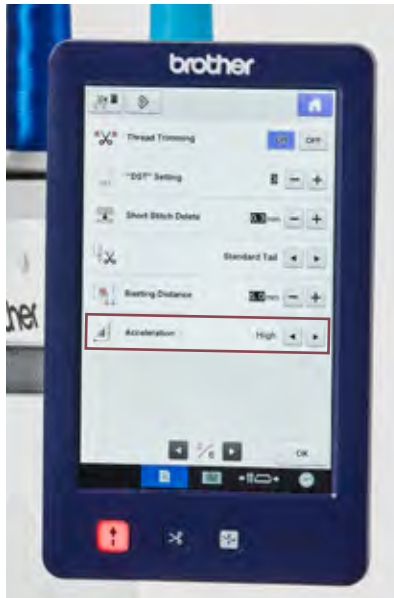

**Cylinder arm**

Easily embroider caps, tote bags, sleeves and trouser legs and much more.

**10.1" high-resolution IPS LCD touch screen**

Preview your designs with this HD touch screen, offering you a vivid and crystal clear display. Fine quality thumbnail also available for both external & built-in patterns.

**Industrial level acceleration**

Complete embroidery designs even faster – reach maximum embroidery speed in just 7 seconds. After thread trimming, the machine will reach max. embroidery speed quickly. The acceleration is comparable to industrial embroidery machines.

**Automatic thread cutter**

Cuts upper and lower thread automatically at the end of each colour change on embroidery.

**Natural lighting system**

The built-in, bright LED lights provide you with effective natural lighting for your working area.

**Video tutorials and help guides**

Direct access to 17 valuable and informative built-in tutorial guides on the LCD touch screen.

**Included embroidery frames**

Select the ideal embroidery frame for the task at hand. Four sizes included: 300 x 200 mm, 180 x 130 mm, 100 x 100 mm and 60 x 40 mm.

# Optional accessories

## PR Stand

This mobile stand securely holds PR series machines and provides ample storage for accessories and threads.

## Border Frame

Embroider beautiful continuous designs and borders. Ideal for a wide range of projects from fashion to furnishings.

## Magnetic Frame (50 x 50 mm)

Embroider fabric without leaving hooping marks, especially for fabric prone to marking. Fits on Arm E. Achieve even easier hooping with mounting jig (optional purchase is required).

## Clamp Frame

The clamp frame kits are ideal for adding embroidery to shoes, inner jacket pockets, cuffs, gloves and much more. Clamp frame size 45 x 24 mm.

## Cylinder Frame

Embroider virtually anything that's cylindrical, which is normally difficult to reach. Cylinder frame 90 mm wide x 80 mm high.

## Cap Frame Kit

Embroider your cap hats over wider area with this cap frame: 130 x 60 mm high

## Sleeve Frame

Ideal for adding embroidery to sleeves, trousers, baby rompers, etc. Sleeve frame size 70 x 200 mm.

## Double-sided Clamp Frame M (100 x 100 mm)

One side with brush type (for general fabric). The other side with rubber type (for glossy material).

## Round Frame Kit

The round frame kit includes 3 round frames: Small 100 mm, Medium 130 mm, Large 160 mm.

## Compact Frames

Ideal to embroider hard-to-reach areas such as sleeves, jeans pockets, kids & baby clothing. Frame sizes: 70 x 41 mm (oval), 50 x 50 mm, 44 x 38 mm (oval), 33 x 75 mm (oval).

## PE-Design

Brother's latest generation of embroidery design software offers advanced features to enhance productivity on the PR670E.
