The PT-90 boasts impressive creative and customising features

- **The perfect labelling machine for home**

There are so many reasons to have a Brother P-touch labelling machine. From labelling files and folders, CD's and DVD's, suspension files and storage boxes, to photograph albums, AC adapters, food containers and children's school books and equipment. You will wonder how you ever managed without one.

- **Easy-to-use for effortless labelling**

Creating labels with the PT-90 takes just seconds! Your text is automatically sized to fit the label, and the built-in cutter means you have no need for fiddly scissors. Even when using some of the more creative built in features, you can be sure of the perfect label time after time.

- **Compact design**

The compact and lightweight design of the PT-90 makes it perfect for use all around the house, whenever and wherever required.

- **Customise it your way**

The Brother PT-90 is supplied with three different coloured LCD faceplates that you can interchange easily. There's cool blue, funky green or classic black, depending on your mood!

- **Create stylish labels in an instant!**

Make labelling fun, and be imaginative with the Deco Mode function! Simply choose from 1 of the 8 Deco Mode designs, type in your text, then print. In seconds you will have a high quality label, ready to apply.

The built-in Deco Mode function is a great way to easily create fun labels

Personalise your labels by adding a decorative frame

Identify all your important paperwork with clear labelling of file folders

Locate the correct CD or DVD in an instant through clear labelling of disc contents
