Save time with the fast 20mm/second print speed

14 fonts / 98 frames / over 600 symbols
Add your own style to your labels

Graphic Display
Preview before printing

Compact And Portable Design
Ideal for sharing around the office

Create decorative labels
Built-in templates for many design options

Brother TZE laminated labels - designed to last

Brother P-touch laminated TZe tapes consist of seven layers of materials, resulting in a thin yet extremely strong label. The thermal transfer ink is sandwiched between two protective layers of PET (polyester film), which protects the text against the effects of liquids, abrasion, temperature, chemicals and sunlight.

As the labels have been tested to the extreme, you can be confident of a professional quality label that has been designed to last.
