PT-P300BT

The Brother PT-P300BT is the latest Bluetooth label printer that works with your smartphone or tablet via the P-Touch Design&Print2 app that comes with print-ready templates and frames.

Organise your home with style with the PT-P300BT

Try out the useful templates with pre-made labels and pattern designs. From labelling file folders, cables and wires, to making gift tags and scrapbook pages, there are more uses than ever for the PT-P300BT.

Key Features:

Bluetooth connection via the Design&Print2 app

Sleek and stylish design

Prints 3.5, 6, 9 and 12mm labels

Prints durable laminated tape

Fast 20mm/sec print speed

Packed with features

Print anywhere, anytime
Use the Design&Print2 app and design labels from your smartphone.

High speed printing
The fastest thermal label printer in its class with 20mm/sec print speed.

AC adapter slot
Uses 6 AAA-sized batteries^ "or an (optional) 9V power adapter."
(Note: "adaptor" acceptable).

Compact and portable design
Built to fit into any home or office environment. Weighing only 380g, is lighter and smaller than any other similar products in the market today.

P-touch Design&Print2 App

Tested to work with Android* and Apple iOS*, the Design&Print2 app allows customisation and selection of fonts, designs and material to suit your preferences. The app can even display the actual text and background colour in print preview mode!

*Operating systems: Android (4.2 or newer) and Apple iOS (9 or newer) ^Batteries not include

Expand your creativity with a great range of tapes

With a great range of different tapes to choose from the possibilities are endless. Create stylish ribbon, decorative and laminated durable tapes that will add extra flair to your home or office.

Ribbon Tape Range

Select from four choices of premium quality, beautiful satin ribbons. The gold characters on the ribbons are printed using thermal (heat transfer) technology meaning they do not fade or fall off, and can be integrated into clothing.

Decorative Pattern Tape Range

Add a personal touch with the durable and unique pattern tapes. With four options to choose from, your gifts will stand out from the rest.

TZe Tape Range

Brother P-touch laminated TZe tapes consist of seven layers of materials, resulting in a thin yet extremely strong label. The thermal transfer ink is sandwiched between two protective layers of PET (polyester film), which protects the text against the effects of liquids, abrasion, temperature, chemicals and sunlight. As the labels have been tested to the extreme, you can be confident of a professional quality label that has been designed to last.
