- Seven point feed dogs for smooth fabric management and superior stitch quality

NS10 Simplicity

You may be new to sewing, or maybe you are looking for a sewing machine that's easy to use, if so, the NS10 is the perfect choice.

The 'jog dial' makes it very user friendly, simply turn it to the stitch you require and you are ready to go. What could be easier!

With the LCD display you can see at a glance information about the stitch width and length. Even needle threading is quick and easy with the built-in needle threader.

Simplicity does not mean a compromise on features – there are 16 utility and decorative stitches to choose from, including 3 different buttonholes, to give that professional looking finish.

LCD Display

See at a glance the information about your stitch. Length, width and type of presser foot required are all clearly identified on the LCD display.

Quick set bobbin

Just drop in a full bobbin, thread in the direction of the arrow and you are ready to sew. The see-through bobbin cover is an advantage, you can check bobbin status so you know when you need to change bobbin.

NS20

Pretty in pink the NS20 is the next step up from the NS10. The control display is LCD combined with a smooth jog dial. 40 stitches for utility and decorative sewing extend your sewing options.

NS30 Functionality

If sewing is already a keen hobby for you, or you simply want more features, then the NS30 offers fantastic versatility.

The electronic 'jog dial' provides finger tip control. Choose from 70 utility and decorative stitches, including 7 different styles of buttonholes.

The automatic one-touch needle threader is quick and simple to use.

The LCD screen means you can see at a glance information about the stitch you have chosen, and the electronically controlled functions allow you to adjust the stitch sizes in a much more precise and simple way.

Automatic needle threader

Needle threading is quick and simple with a one step action. This sophisticated needle threader with an advanced action is available on the NS30 and NS50.

7-point feed

Extra teeth ensure a smooth feeding action and superior stitch quality. Sew smooth pin point seams on any weight of fabric, from sheer silk to denim.

LED sewing light

Light your workspace effectively with the LED light. It uses less power than a traditional bulb and lasts the life of the machine.

NS50 Creativity

The NS50 is the perfect choice for those who want to get more creative.

It is feature packed with 135 built in stitches, including 10 buttonholes, that you can quickly and easily select at the touch of the key pad.

The built in lettering can be used to create labels or monogrammes .

There are 35 different stitches for combining to create your own stitch patterns!

Complete with built-in accessory tray and hard carry case the NS50 makes sewing easy.

Central controls

Handy central controls help to make sewing easy. The electronic touch pads provide finger tip control of stitch functions.

Speed control

The slide control has two functions. It can be set from slow to fast to ensure you always sew with safety and accuracy, particularly on intricate detail or curves. On the NS50 it can also be programmed to alter the stitch width for customised zigzag.

Accessory Compartment

Store all the machine accessories away in this neat compartment. There are 5 included feet for your utility sewing and decorative stitching.
