DreamMaker XE VE2200 V-Series Embroidery-only Machine

Everything you love about embroidery, and the space you have always dreamed of comes together in the amazing DreamMaker XE embroidery-only machine.

- 318 built-in embroidery designs, 13 bobbin work designs and 14 embroidery fonts
- Large embroidery area – 300 x 180mm
- Droplight embroidery positioning marker
- V-Sonic pen for embroidery
- Up to 1,050 stitches per minute; embroidery speed
- Large 7" LCD touch screen display

Brother's most exclusive, feature packed embroidery-only machine

With its industry first features, the VE2200 is the ultimate dream machine for embroidery lovers. The V-Sonic Pen will help you automatically place your embroidery pattern and the droplight embroidery positioning marker will show you the needle drop position with pinpoint accuracy – obtaining perfect embroidery results. Even better, the VE2200 has a large embroidery area (300x180mm) and is fully loaded with 318 built-in embroidery designs and 14 embroidery fonts.

When you want to explore your creativity in embroidery, look no further than DreamMaker XE VE2200.

Ultra Bright LED Lighting

This ultra bright feature lighting gives a crisp bright natural light, so you can see colours and stitch details, no matter what your lighting conditions are. The lighting brightness is fully adjustable so you can set it at a level to suit you and your environment. 50% brighter than most Brother machines.

V-Sonic Pen for Embroidery

Ultrasonic sensing provides embroidery positioning and angle rotation with a simple touch.

Fully Automatic Needle Threading

Simply glide your thread through the marked path and press the button for quick and easy needle threading.

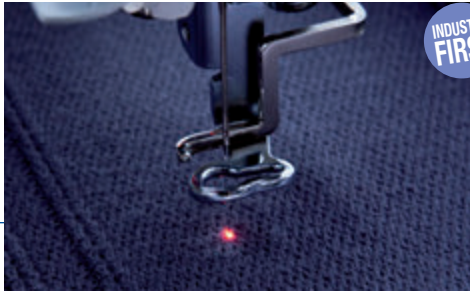

Large Embroidery Area

Enjoy a large embroidery area – 300 x 180mm – that provides plenty of space for large embroidery designs.

318 Built-in Embroidery Designs

A wide range of embroidery designs to let your creativity run free! 318 built-in embroidery designs, 14 embroidery fonts, 13 bobbin work designs and 3 Japanese embroidery fonts.

Droplight Embroidery Positioning Marker

The LED droplight shows the needle drop position with pinpoint accuracy – perfect embroidery placement.

Optional Continuous Border Frame

300 x 100mm embroidery area. Perfect for applying repeated designs to the edges of items such as curtains, bed covers or tablecloths.

Velocity up to 1,050 SPM

The fastest Brother series ever!

Large 7" LCD Touch Screen Display

See up to 260,000 colours with little or no colour shifting. View on-screen tutorials, and control the machine with the large, intuitive on-screen icons.

USB ports

Connect to your computer to import and export designs or perform machine updates. Use the second port to import and export designs from your USB memory stick or Embroidery card reader.

Eleven Inch Chassis

The largest needle to arm distance ever from Brother at 11¼".
