- Hard cover carry case

# XT37

Retro Style with modern easy to use features to make sewing easy. The XT37 is one of the new generation mechanical sewing machines from Brother. The XT37 does not need to be oiled, which makes it a clean and easy to maintain. The top loading quick set bobbin is easier to thread than the traditional front loading sewing machines. Bulb lighting is a thing of the past with LED lighting providing much brighter light to sew with. With a low power consumption it will last the life of the machine. The included extension table gives you additional workspace for all craft and sewing projects.
