

Pink Christmas Tree Ornament

These cute Christmas tree ornaments are so fast and simple to make. Why not try replacing the pink ribbon with photos of your family members?

Designed by Karen Shady.

Read instructions carefully before starting the project.

Materials:

- Brother ScanNCut machine
- Graphic 45 12 x 12 paper pad - Botanical tea collection
- Cream cardstock
- Pink ribbon template (see end of instructions)
- Foam tape
- Tim Holtz distress ink-Antique linen

NOTE: See the end of the instructions for the 'pink ribbon' symbol. Print the image in black, or a dark colour.

Instructions:

1. Place the ribbon image on the scanning mat, scan to cut data and then save the image to the USB or machine.

2. Retrieve the saved ribbon image and cut using pink spotty paper.

3. Using Antique Linen distress ink and makeup wedge, ink shadows onto the ribbon to create a three dimensional look (cover areas with a sheet of paper to get a sharp edge).

4. Cut 2 x 292mm scalloped borders in cream cardstock, using your ScanNCut.

5. Cut a 30cm long x strip of striped patterned paper, add the scalloped borders to each edge. Cut a V notch in the bottom as shown. Ink edges using Antique linen distress ink. Fold the top third of the bordered strip down and adhere in place to create a hanging loop.

6. Using the pre-set features in the Brother ScanNCut, cut (check your instruction manual to set blade depth and cutting pressure):

- 1 (95mm) scalloped circle from cream card
- 1 (85mm) scalloped circle from patterned paper (ink edges with distress ink)
- 1 (70mm) circle from cream card

7. Fussy cut or direct cut with your ScanNCut two or three flowers from the patterned paper, ink edges using distress ink again.

Assembly:

1. Add 3D foam tape to the back of the cream cardstock scalloped circle, the cream cardstock circle, and the Pink ribbon embellishment.
2. Adhere the cream scalloped circle to the centre of the scalloped strip and then add the pink scalloped circle on top.
3. Place fussy cut flowers as shown, then top with the cream cardstock circle.
4. Add your pink ribbon embellishment to finish.

Congratulations! Your Pink Christmas Tree Ornament is now finished.
